this important work edited by an expert on terrorism focuses on the 21st century struggle for strategic influence and ways in which states can neutralize the role of new media in spreading terrorist propaganda in an era where anyone can have access to the internet or other media forms that make widespread communication easy terrorists and insurgents can spread their messages with complete freedom creating challenges for national security influence warfare how terrorists and governments fight to shape perceptions in a war of ideas focuses on the core of the ongoing struggle for strategic influence and particularly how states can counter the role media and the internet play in radicalizing new agents of terrorism as the book makes clear governments need to find ways to effectively confront non state adversaries at all levels of the information domain and create an understanding of strategic communications within a broad range of technologies the essays from the international group of authors who contributed to this work offer a deeper understanding of the ongoing struggle influence warfare also provides a set of case studies that illustrate how the means and methods of strategic influence can impact a nation s security

programming by design provides the basis for a course in computer programming concepts and techniques covering structured design and coding gui application development and an introduction to object oriented programming concepts it takes a language independent design oriented approach to the teaching of programming rather than rely on a specific programming language it aims at building attitudes and skills that will allow students to tackle and successfully apply any programming or database language the philosophy of the text is that the student will develop transferable programming

design and language learning skills rather than repetitively learning a specific programming language

in a desert town on the road between l a and vegas all hell has broken loose in a bedroom community populated by good cops and bad cops a retired police officer and his wife have been brutally tortured and slain a wildcase with no apparent rhyme or reason it has caught the attention of the fbi and hollywood billionaire ex delta force operative rail black who called the slaughtered pair his friends with his frighteningly efficient skills and more money than he could ever spend rail believes in helping people he cares about even if it means clashing with the government s enforcers but this wildcase has toxic tendrils rooted in a distant past snaking through a shady megachurch through sin city and into shadowy places halfway around the globe and the precious blood already spilled is nothing compared to the deluge to come with rail s own added to the mix if he gets too close
